## Amendments to the Claims

Please amend the claims as follows. Applicant presents a full set of claims showing markups of the claims with insertions and deletions indicated by underlining and strikethrough text (or double bracketing), respectively.

- 1.-11. (Canceled)
- 12. (Currently amended) A method for treating cancer, comprising administering to a subject having a cancer eharacterized by having reduced or absent LKB1 activity an effective amount of a compound that increases AMP activated protein kinase (AMPK) activity in the subject or in cells thereof phenformin, wherein the reduction of LKB1 activity is due to a mutation or deletion of the LKB1 gene.
- 13.-21. (Canceled)
- 22. (Previously presented) The method of claim 12, further comprising subjecting the cancer of the subject or cells thereof to a cell death stimulus.
- 23.-30. (Canceled)
- (Currently amended) A method for promoting apoptosis of cells having reduced or absent LKB1 activity, comprising

contacting the cells with a compound that is an activator of AMP activated protein kinase (AMPK) phenformin, wherein the reduction of LKB1 activity is due to a mutation or deletion of the LKB1 gene.

- 32.-70. (Canceled)
- 71. (Currently amended) A method of treating cancer comprising

administering to a subject having a cancer eharacterized by <u>having</u> reduced or absent LKB1 activity an effective amount of phenformin, <u>wherein the reduction of LKB1 activity is due</u> to a mutation or deletion of the LKB1 gene.

72. (Canceled)
